“On the evening of Dec. 31, 1989, Michele attended a sleep over at a friend’s house. In the early morning
of Jan. 1, 1990 the house caught fire due to the careless disposal of cigarettes in a wastebasket. Michele
died in the fire of smoke inhalation along with three other young people. She was 16 years old and would
have turned 17 on Jan. 3rd. There were no smoke detectors in the house. Officials said a smoke detector
would have saved her life. This was a senseless tragedy. There was no time to say good-bye....”

dancer. Her dedication, spirit and talent added much to the Millard North Drill Team. The Memories of
Michele and the many happy times together are precious and will never be forgotten. She is now in a
